

Industrial Workshop IW15

**Publish your research with IET Journals
(by IET)**

Abstract:

IET Microwaves, Antennas and Propagation is a Gold Open Access journal dedicated to coverage of microwave and RF circuits, microwave and millimetre wave amplifiers, oscillators, switches, mixers and other components.

In 2021, in partnership with Wiley, this journal along with the entire portfolio of IET journals has switched from a subscription to a fully Open Access journal where content is free to view and readily accessible without a subscription fee.

The Editor in Chief of the IET Microwaves, Antennas and Propagation journal and the Managing Editor at the IET will speak about recent developments in the journal. This workshop is designed to help researchers better understand academic publishing. You will learn tips on how to improve the quality of your work and how to maximise the impact of your research.

Workshop Program (Wednesday, 24 March 2021, 12.10-12.40 h)

The workshop will consist of four parts

- Professor Tim Brown – ‘Publishing with the IET’
- Nageen Matlub – ‘Move to fully Open Access in partnership with Wiley’
- Professor Tim Brown – ‘Tips on how to get your paper accepted’
- Nageen Matlub – ‘Maximising the impact of your research’

This workshop will be pre-recorded, followed by a live interactive Q and A session to give you the opportunity to speak to the Editor in Chief and Managing Editor. The audience is encouraged to ask questions and give comments in the Q&A section. The speakers will answer queries at the end of the workshop.
